### SANDS' SARSAPARILLA,

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, or habit of the system, viz:—

Scrofula, or King's Evil, Rheumatism, Obsolete Cutaneous Eruptions, Pimples, or Pustules on the Face, Blotches, Bites, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stomachic Ulcers, Syphilitic Symptoms, Sciacia, or Lumbago, and Diseases arising from an impure state of the blood. The Sarsaparilla is combined with other ingredients, all of which are held in the highest estimation by the most distinguished physicians.

This valuable Medicine is now used and universally approved by the most distinguished of the Medical Profession throughout our country, and by its intrinsic medicinal value, the public generally (but the afflicted particularly) have been made acquainted with its usefulness, in the removal and cure of diseases having their origin in an impure state of the blood. The Sarsaparilla is combined with other ingredients, all of which are held in the highest estimation by the most distinguished physicians.

The following interesting case is presented, and the reader invited to its careful perusal. Comment on such evidence is unnecessary.

New York, April 22, 1846.

Messrs. A. B. & D. Sands: Gentlemen: Feeling it my duty to you and to the community at large, I send you this certificate of the all-healing virtues of your Sarsaparilla, that others who are now suffering may have their confidence established and use your medicine without delay.

I was troubled with a severe ulcer on my ankle, which extended half way to the knee, discharging very offensive matter, itching, burning, and depriving me often of my rest at night, and very painful to bear.

I was recommended to use your Sarsaparilla by Mr. J. S. McConnell, who had been cured by it, and after using five bottles I was completely cured.

I have delayed sending you this certificate for one year since the cure was effected, in order to ascertain with certainty whether it was a permanent cure, and it now gives me the greatest pleasure to add that I have neither seen nor felt the slightest reappearance of it, and that I am entirely well.

Yours very truly, SARAH MINEYRE.

210 Delancy street, New York.  
MONTE, Ala. Nov. 28, 1845.  
Messrs. Sands:—I deem it an act of justice to myself and the community at large, to relate the following fact, which occurred in our neighborhood in the latter part of July last. Jane C., a young girl aged fourteen years, was afflicted with an immense sore on the middle of her back, which defied all the treatment of medical skill. As I was a friend of our family, I employed all the means in my power endeavoring to relieve her, but in vain. At last some person mentioned to me your Sarsaparilla, and I immediately procured two bottles of Messrs. Sands' & Tucker, your Agents, in this city, which I gave to her. I called to see her the next day and she told me that the sore had almost entirely disappeared. I suggested immediately at this, but she said it was really so, and, gentlemen, in a word, in two weeks from the time she commenced using it, there was neither sign nor appearance of it, and she was perfectly cured.

Yours, respectfully,  
J. G. HOU-SHAN, 33 Dauphin-street.

For further particulars and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained of Agents gratis.

Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Wholesale Druggists, 100 Fulton-st. N. Y. Sold also by WM. SHAW, Wilmington; E. J. Hale, Fayetteville; J. Dismay, Newbern; Williams, Haywood & Co., Raleigh; N. C. E. B. Rothmiller, Georgetown, S. C.; Hayland, Harris & Allen, Charleston, S. C.; and by Druggists generally throughout the United States. Price, \$1 per bottle, six bottles for \$5.

The public are respectfully requested to remember that it is Sands' Sarsaparilla that has and is constantly achieving such remarkable cures of the most difficult class of diseases to which the human frame is subject; therefore ask for Sands' Sarsaparilla, and take no other.

### THE REVENUE TARIFF.

The great point of attack now made on the Tariff bill of the House in the Senate, is, that it will not produce sufficient revenue. To this objection, a Palo Alto defeat is given by Mr. Walker's report, sent to the Senate to-day, and which we publish this evening, showing that the bill will produce two millions and a half, nearly, of revenue more than the act of 1842.

Tariff Estimates from the Treasury Department.

July 16, 1846.

Sir:—The following tables are respectively submitted, marked A and B, in further answer to the resolution of the Senate of the 29th June, 1846.

Table A is a statement of the imports consumed and on hand for the fiscal year closing the 30th of June, 1845, with the duties upon each article, according to the tariff of the 30th August, 1842, and also according to the bill of the committee, with the additional duties proposed in schedule A, as communicated to the Senate on the 16th of June, 1846.

Table B is a statement of the value of the imported articles consumed and on hand the fiscal year ending the 30th June, 1845, with the estimated decrease and increase of such importations under the above bill and schedule, together with the net revenue to be derived therefrom.

It will be perceived that the total imports consumed and on hand, exclusive of specie, for the fiscal year closing 30th June, 1845, amounted to the value of \$106,080,410; of which the amount of free goods was \$1,501,047, which being deducted from the above, leaves of dutiable imports \$104,579,364. The gross revenue on the above amount of dutiable imports, would be at the rates proposed by the above bill and schedule

\$26,012,142

Deducting the estimated expenses of collection, 1,515,605

Would leave a net revenue of \$24,496,537

without calculating any augmentation of imports whatever.

To which add—

An increase of revenue to be derived from the following causes—

viz:

Increase of population from 30th June, 1845, to 30th November, 1847, according to the rate of increase by the census from 1830 to 1840, 1-5 per cent.

1,998,650

Increase of population derived from the annexation of Texas, estimated at 150,000

189,955

Net revenue adding only an increase as above from augmented population, and not any increase of importations for consumption from reduced rates

\$26,585,142

The net revenue of 1845 at duties proposed, making no allowance for any augmentation, either from reduced duties or augmented population, we have seen would be

\$24,496,537

Add increase of revenue as arising from an increased importation of \$13,851,500, as the result exclusively of reduced duties

4,038,350

To which add revenue from augmented imports for consumption of \$10,590,346, as the result of increased population, including Texas

2,551,728

Net revenue under bill and schedule \$31,086,615

Increased importation for consumption at 8-1-6 per cent, as above stated, from increased population and annexation of Texas

\$10,590,346

Add increase of importation for consumption as result exclusively of reduced duties

13,851,500

Total increase of imports of dutiable articles for consumption as the result of increased population, including Texas and reduced duties

\$24,441,846

Add importation for consumption of dutiable articles, imports, 1845

104,579,303

Total amount of dutiable imports for consumption
